ARMoured LEXUS 600

Where Luxury meets Power, the new armoured Lexus LX600. The Lexus LX 600 offers a wealth of intelligent technology and advanced safety features, luxurious seating for eight, and unsurpassed freedom on or off-road – melding boundless performance with uncompromising refinement. Even though luxury SUVs are usually armoured to the CEN B6 / NIJ III level, secure armoured vehicles are capable of building the Lexus LX600 up to CEN B7 level of protection. This is one of the few luxury SUVs that have the capability to carry the added weight of the B7 up-armor. With our specialized skills in suspension, brake, and tire upgrades, our clients have all found our upgrades to offer the same level of comfort as they would expect from a factory car, with minimal loss in handling and performance.
